

Our eggs are among the best in the world
for quality, freshness, food safety and farming practices

Delivering **freshness** and **quality** you can **trust**

Canada **Grade A** eggs from farms that operate under **supply management** are among the **best in the world in terms of quality, freshness** and **food safety**. In Canada, eggs from regulated farms are graded, sized and packed at an egg grading station registered by the Canadian Food Inspection Agency.

Be sure to **look for the Grade A symbol** before you purchase your eggs:

More than **90%** of Canadians trust the **quality standards** of food from **Canadian farms**

Egg Farmers of Canada represents more than **1,000 regulated farms**.
Our farmers:

- Own and operate **family farms** and have been in the **business for generations**

- Work hard to **provide continual** and **year-round access** to fresh, local and high-quality eggs

- Care for their hens and are inspected and audited against Egg Farmers of Canada's national **Animal Care Program**

- Follow and are inspected against **Start Clean-Stay Clean™**, a world-class on-farm food safety program.

With **6 grams** of **high quality protein** and **14 important nutrients** such as vitamins A, D and E, folate and iron—eggs are one of the **most complete natural foods** available.

In Canada, there are egg farms in all types of production (conventional, enriched, free run, free range, organic) and in every province—and even in the Northwest Territories. This means **eggs are local and fresh**—and you have choice—regardless of where you shop.

Your dishes deserve the best and freshest ingredients. Find local, fresh and high-quality **Grade A** eggs in a store near you.
