

The Canadian egg industry

DELIVERING ECONOMIC VALUE TO CANADIANS

3 REASONS Canadians believe supply management is important

Consumers

Allows Canadians to buy fresh, local, high-quality products.

Communities

Creates jobs and opportunities in our communities.

Farmers

Supports and protects Canadian farmers.

Canadian egg farmers:

- Operate more than **1,200 farms** in all 10 provinces and the Northwest Territories.
- Support over **18,500 jobs** across the country.¹
- Contribute **\$1.3 billion annually** to the Canadian economy.²
- Produce more than **789 million dozen eggs** each year.³

93% OF CANADIANS say it is
important that their meat, dairy, eggs
and produce come from Canada.⁴

**EGG FARMERS
OF CANADA**

Egg production on Canadian farms **INCREASED BY 50%** between 2005 and 2020.⁵

Driving growth and innovation

Thanks to supply management our farmers:

- Care for their hens by following a national **Animal Care Program**, which includes inspections and third-party audits.
- Meet world-class on-farm food safety standards thanks to the **Start Clean-Stay Clean®** program.
- Actively **support their communities** through major partnerships with food banks, breakfast programs and charitable organizations.

Building a sustainable future

Our **national young farmer program** and **women in the egg industry leadership program** are actively preparing the next generation of egg industry leaders.

We invest in **research** at universities across Canada to foster **innovation** in our sector and shape the future of egg farming in Canada.

TWO-THIRDS OF CANADIANS

feel it is now even more important

to buy food items from Canada

because of the pandemic.⁶
