

Celebrating 5 YEARS of CRACKING HUNGER

Egg Farmers of Canada and Heart for Africa (Canada) have been working hand in hand to bring hope to Eswatini for the last five years. There are a number of reasons to **lend your support**:

5 YEARS 5,000 HENS

We've **doubled** production from 2,500 to **5,000 hens**. The eggs provide a consistent source of **high-quality protein** for the **local community**.

5 YEARS OVER 5 MILLION EGGS

Eggs contain **essential vitamins and nutrients** that help kids **grow** big and strong and promote a **healthy immune system**.

313 LOCALS EMPLOYED 250+ KIDS CARED FOR

Project Canaan has become the **largest employer** in the region, and has **grown** from caring for 100 orphaned and abandoned children to **over 250**. The eggs supplement **665,000 meals** per year in the local community.

#CRACKINGHUNGER

Help keep Project Canaan sustainable for many years to come
