

CRACKING HUNGER

IN ESWATINI WITH PROTEIN-RICH EGGS

For seven years, **Egg Farmers of Canada** and **Heart for Africa** have been bringing hope to an orphanage and community in Eswatini through Project Canaan's egg farm. See how an entire community benefits when you donate!

7 years, 5,000 hens, more than 6 million eggs

In 2015, a barren patch of land was transformed into two barns housing 5,000 hens.

1 hen = 275 fresh, nutritious eggs

Each hen provides a vital source of high-quality protein that is essential for human health and development.

1 egg = 13 essential vitamins and nutrients, 6 grams of protein

Each year, 1.6 million hard-boiled eggs are put into the hands of hungry children.

4,500 children fed on a weekly basis

The egg barns provide a sustainable source of food for the greater community.

295 orphaned and vulnerable children have a home

Project Canaan provides a safe haven for kids in need.

50% of the Eswatini population makes \$2/day or less

Project Canaan employs 320 local Swazis. Each employee cares for an average of 7 family members.

226 students enrolled in Project Canaan Academy

In 2020, 89% of the students improved in Measures of Academic Progress (MAP) testing.
