

# Cracking hunger

See how your support  
makes a difference in Eswatini, Africa

For over a decade, **Egg Farmers of Canada** and **Heart for Africa (Canada)** have been bringing hope to Eswatini through the Egg Project. Take a closer look at how donations are **making a real impact** and uplifting the community.

## Millions of eggs

The egg barns have produced millions of eggs, providing essential nutrition in a region where nearly 1 in 5 people face chronic hunger.<sup>1</sup>

## 5,500 fresh eggs daily

The hens lay about 5,500 eggs each day. Each egg provides 13 essential nutrients, including 6.5 g of protein.

## Nourishing 6,500 children weekly

The barns provide eggs to 6,500 children every week, supporting their health and development.

## Supporting nearly 500 jobs

The Egg Project is part of the broader Project Canaan initiative, which creates nearly 500 local jobs, giving Swazi families stable income and valuable skills.

## Reaching remote areas

Every month, community partners travel 2,500 km to deliver eggs to the most remote and food insecure areas in Eswatini.

## Your support brings hope to an entire community

To keep making a difference in Eswatini, **we urgently need your help.** Donations are crucial each year to replenish flocks, maintain farm operations, and continue our vital work in the community.

### How you can help

- **Donate:** Visit [eggfarmers.ca/heart-for-africa](https://eggfarmers.ca/heart-for-africa) to make a contribution and support the Egg Project in Eswatini
- **Get in touch:** For more information, contact us directly at [cpa@eggs.ca](mailto:cpa@eggs.ca)

Make a  
**lasting impact**

Your generosity is helping us build a brighter future in Eswatini. Every donation towards our **\$100,000** goal keeps the Egg Project running and supports our mission of cracking hunger in Africa.

**Donate today!**
